***Is Christian education
worth the investment?
We know it is!***

Our Quality Curriculum...

Our school offers a comprehensive, accredited curriculum that integrates faith in learning.

- Daily worship, prayer, and Bible class
- A variety of instructional methods utilized to meet the learner's needs

Our Multi-grade Classrooms...

Recent trends in education are promoting a return to multiage classrooms. A multi-grade classroom provides a more realistic family-style learning environment.

The students experience:

- A sense of caring and nurturing by helping those in lower grades and learning from those in higher levels.
- A lower student-teacher ratio that enables more focus on individual needs.
- A cohesive family atmosphere that promotes a cooperative spirit between teachers and students
- An increased sense of student security and stability as a result of knowing teachers and classroom expectations for more than one year.

Our Teachers and Staff...

We take pride in having a dedicated staff who challenge your child academically while assisting you, the parent, to shepherd your child along a faith-centered lifestyle.

- Our teaching staff are certified teachers.
- All staff members are screened by our Conference, including background checks.

Our Opportunity for Christian Service...

The students in our school participate in a variety of service projects to further their growth as Christians.

- Community outreach projects
- Performing in churches
- Nursing home visits

Our Healthy Setting...

Our school offers a picturesque country setting in the middle of city living. Your child will enjoy plenty of fresh air and space to play during free time. Our school is set among:

- Sprawling lawns in the front and side
- Lush, beautiful meadow and babbling brook in the back, and scenic woods to the left.
